

## Marcel Schwander leaves Strasserthun

After more than a quarter of a century at Strasserthun, including the last 13 years as CEO, Marcel Schwander is leaving the company to pursue new challenges. I would like to take this opportunity to thank him for his outstanding collaboration over the years and his tireless dedication.

Under Marcel's leadership, «Schreinerei Strasser» has evolved into Strasserthun, a company known far beyond the national borders for its exquisite material selection, advanced laser processing, and outstanding interior fittings. Together, we have celebrated successes and overcome challenges. Marcel's business expertise, his tireless spirit of innovation, coupled with his practical approach, have always been invaluable and have made Strasserthun into what we are all very proud of today.

Marcel will continue to be available to the company as a consultant until further notice. Roger Weber has already assumed the position of CEO on an interim basis since November 2023.

We owe Marcel a great deal of gratitude and are pleased that our paths are parting in friendship. Both personally and on behalf of the entire Strasserthun team, I wish him all the best for his future endeavors.

Isabelle Strasser
